

Haro Park Cyber School

At Haro Park Centre, we believe you are never too old to learn. Indeed, much of today's technology is a benefit that can enhance the lives of older adults and mitigate the challenges they face with mobility.

The Haro Park Centre Cyber School was the brainchild of one of our long-time tower tenants, Mr. Ed Miles. The School was launched just a few years ago and all of the computers were upgraded in 2006.

Elders and tower tenants have learned the intricacies of computer language, computer games, word processing, and - perhaps the best gift for keeping in touch with loved ones - how to use e-mail and surf the 'Net.

The Cyber School is open 24 hours a day. Elders and tower tenants have unlimited e-mail accounts. They receive and send e-mail to friends and relatives around the world.
