

Pastoral Care

Our pastoral care program was started in 1982. Pastoral services are an integral part of providing therapeutic support to our seniors and assistance to meet their spiritual needs.

Volunteer chaplains visit new residents, offering them friendship and support during what can be a time of challenging adjustment. Ongoing visitations and spiritual support to the ill are provided to those who wish it. Our chaplains also visit elders that have been admitted to hospital.

Haro Park staff were instrumental in developing a network of visiting Ministers with the seven Protestant churches in the west end. On a rotating basis, each of the churches provides Sunday afternoon services in the Haro Park Chapel. We also have Catholic Mass every Saturday morning.

We also have a very active Fellowship Bible Study Group; our volunteer chaplains lead hymn singing, bible study and discussion.
