

Pet Profiles

Caleb is our Haro Park pet dog. Currently, he has taken to sleeping on the fourth floor but he freely wanders around the building visiting with elders and guests. Caleb also enjoys daily walks with elders, family members, and volunteers.

Bennie is one of our frequent four-legged visitors; he belongs to a long-time employee of Haro Park. Bennie visits the complex-care and assisted living floors and seems to enjoy sitting in on art classes.

There are several birds throughout the building. The birds on the main floor include a cockatiel named Joey and 4 budgies. Cuddles and Sylvia both budgies live on the third floor, and Sophie a cocktail was donated to the 4th floor. The birds add acoustic pleasure to our environment.
